#1 parking choice (must be an early bird) = southside of our building, right behind the greenhouses and Plant Biology bldg. Take a RIGHT at corner of Farm Lane and Wilson Road (lots of construction signs indicating road closed, but you can still get into the parking lot) – turn into parking area at the 2nd RIGHT.

#2, longer walk to our building, more spaces later in day = continue North on Farm Lane to next light, take a RIGHT onto the one-way heading east S. Shaw Lane. Just after the Planetarium and large bus depot turn LEFT into the 4-story parking ramp. Head UP if you are long-term and have arranged a parking pass (phone so we can meet you with the pass at area 44 below – 517-353-3842); head DOWN the ramp for shorter-term parking but bring lots of quarters!
